# 1. Login / Forgot Password / Copyright

The main login screen and his features explained.
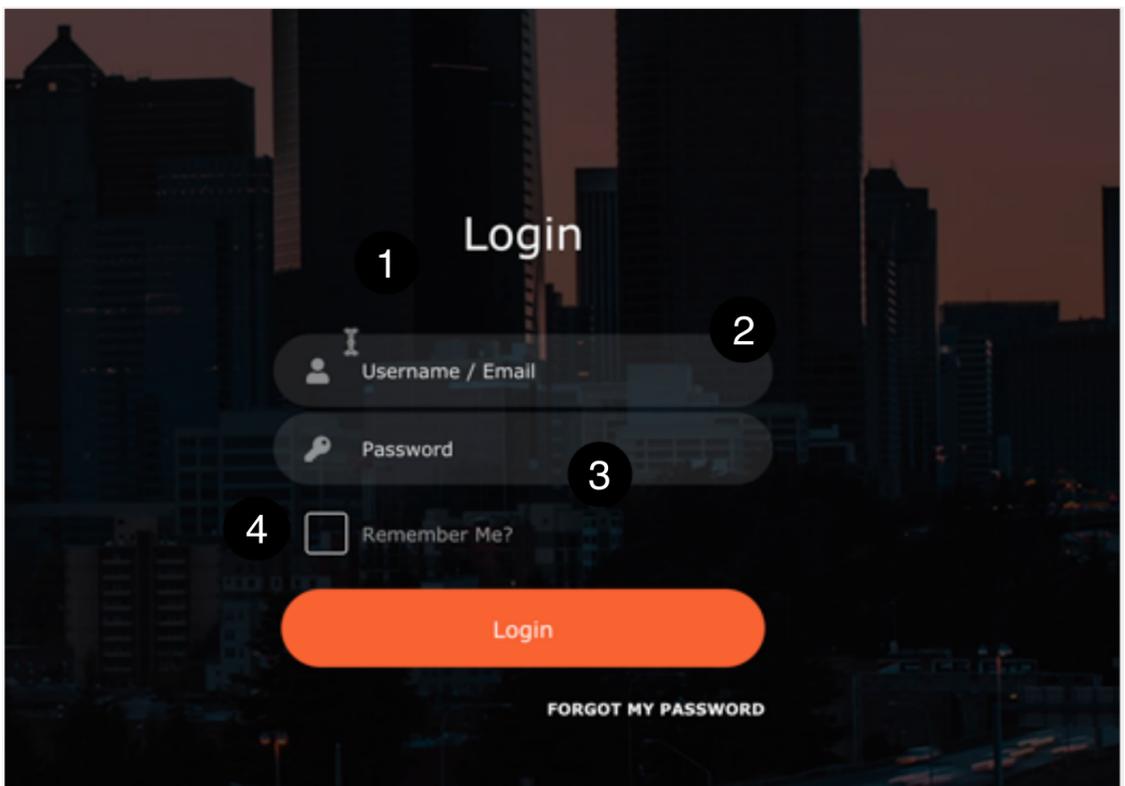

1 The login mask for all your clients. They all use the same login form and URL to access their control panel.

2 Enter the username or email address used when registered for the service.

3 Your personal password or the password that has been sent to you when registered.

4 The "Remember Me" feature will keep you signed in when coming back.

1.2 Forgot Password

The password recovery mask will send you a new password.
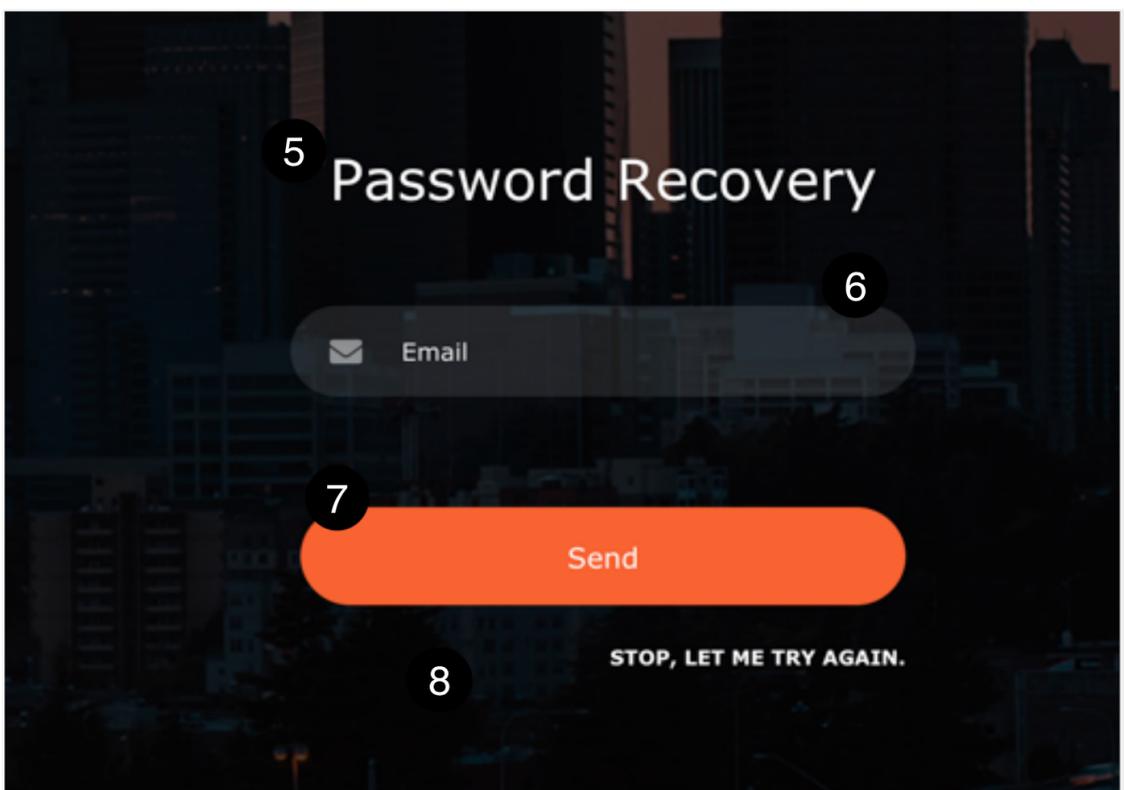

5 In case you have forgotten your password you can get a new one from the system. All passwords are strongly encrypted, in case of a lost password this is the only way.

6 Enter the email address you have used when registered for the service.

7 Press the send button to start with the process, follow the onscreen messages carefully.

8 In case you want to try again with your old login details, click on the "Stop, let me try again." link.

1.3 Copyright and Editing Login Screen

The easy explanation of how to edit the login screen.
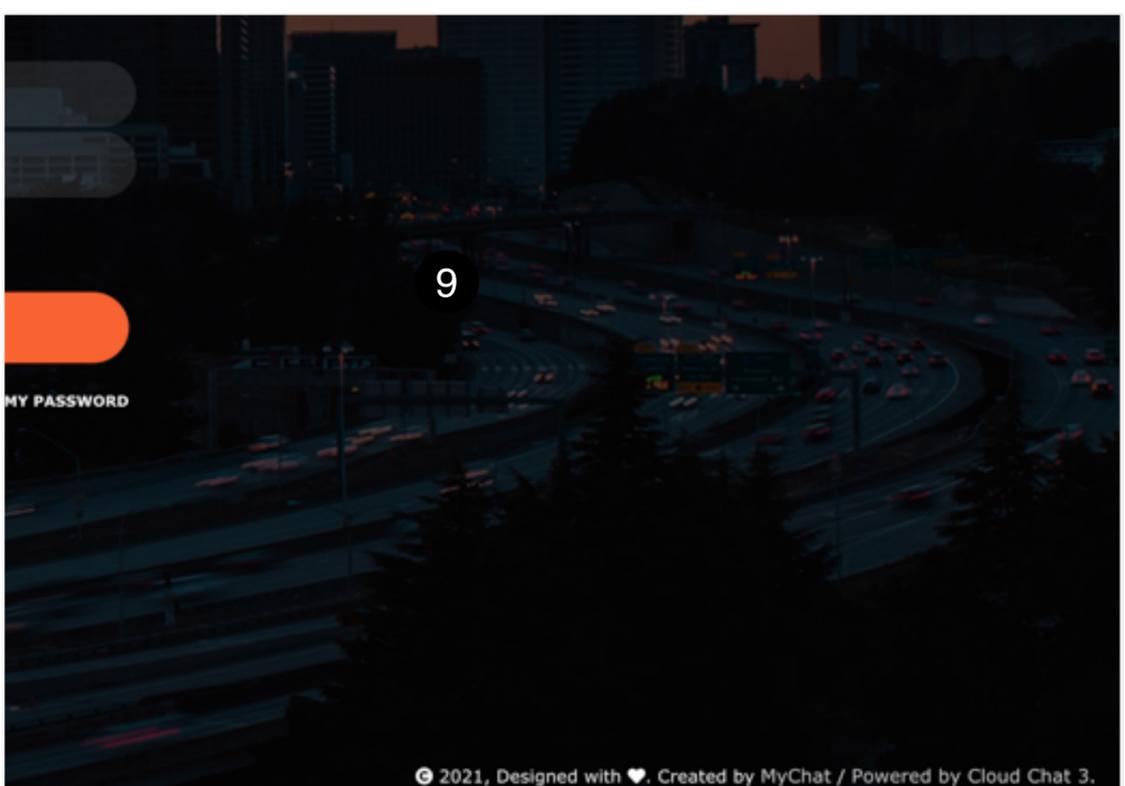

9 The complete login screen can and should be edited to suit your needs.

We have made a detailed FAQ article how to do so: https://www.jakweb.ch/faq/a/223/login-style-and-navbar

Details of how to change or remove the copyright can be found here: https://www.jakweb.ch/faq/a/226/change-or-remove-copyright
